Fly Tipping

(Delivering High Quality Services)

To ensure that 90% of all reported incidents of fly tipping are removed within 72 hours of notification.

Monthly Performance Data

Data does not include asbestos fly tipping which is outsourced to a specialist contractor (PHS) and is not subject to 72 hours clearance.

Fly tipping data excludes vehicles, caravans or asbestos; all of which have to be removed by specialist contractors.

ECC have agreed to cover the additional costs incurred by WCAs in clearing fly-tips, which can be directly attributed to the recent operational changes at the sites'. In providing this support there is an expectation that if increases are noted the WCA will work with ECC to make the necessary investigations and take action against the perpetrators.

5 YEAR HOUSING SUPPLY

Following changes to the National Planning Policy Framework in Feb 19, the Council is required to use the government’s ‘standard method’ for calculating housing need until its locally-derived housing figures are adopted through the new Local Plan. Under the standard method, the Council can demonstrate a 4 year supply of deliverable housing land.

The alternative method that takes account of attributable population change in Tendring and was examined and accepted at the Examination in Public into the Local Plan, the Council can demonstrate in excess of 5 years of housing land supply.

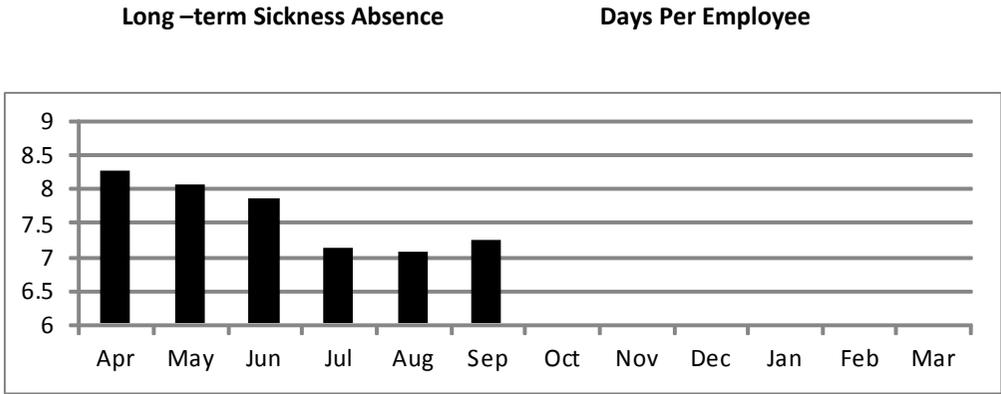

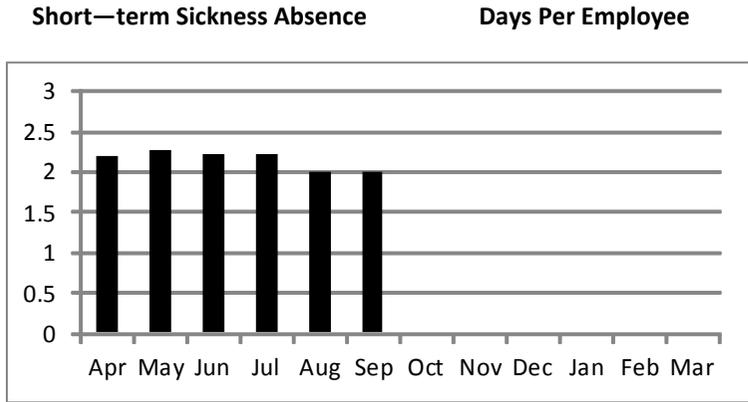

Note : This figure is updated monthly but some information that contributes to the calculation is only available periodically and so the figure may not be wholly accurate.

Exception: *The Council cannot currently demonstrate a 5 year supply of housing land using the government’s standard method, but continues to argue that the exceptional circumstances in Tendring should be given weight in decision making.*

Authorised Covert Surveillance (Council and Community)

Record of number of approved surveillances under the Regulation of Investigatory Powers Act 2000 (RIPA). **It is important to note that this does NOT apply to all enforcement activity and therefore, it is likely that nil or low returns will be recorded.** Council officers are in the course of investigating frauds and certain regulatory criminal offences within the district may be required to undertake covert monitoring operations to gather evidence to present to a court. In doing so, those officers must comply with the relevant legislation i.e., the Regulation of Investigatory Powers Act 2000 (RIPA) and the associated regulations and codes of practice. RIPA provides a strict authorisation mechanism for public authorities to undertake covert surveillance in compliance with the Human Rights Act 1998. Lawful interference with Article 8 (right to respect for private and family life) rights is only permissible, if it is necessary and proportionate to do so, therefore can only be undertaken in accordance with the Council’s Policy and Procedures, approved by an Authorising Officer and the Magistrates’ Court. The Council is required to report the number of authorisations granted on an annually basis to the Office of Surveillance Commissioners.
