1021465	LPPuD18	Mrs Rebecca Booth	Associate Planning Director Leith Planning Ltd	Section 2 Tendring	Yes	No		Yes	We are grateful to the officers at the local authority for working with us in the development of a suitable site specific policy for our clients' premises at Bramble Island, Great Oakley. Whilst we wish to support the provisions of draft policy PPL15 we must object at this stage to error in failing to include the safeguarding plan for the site onto the main Proposals Map. We would ask that the plan be duly amended in order to correlate with the draft policy and to secure our clients' interests, given the need to protect the site from unsuitable development encroachment.		The safeguarding plan for Bramble Island needs to be included on the main Proposals Map and the other relevant inset maps in order to be consistent with the provisions of draft policy PPL15 and in order to secure the long term protection and viability of the high hazard site at Bramble Island.	No	No	As long as the requested amendments are made to the emerging Local Plan maps we are content to rely on our written submissions. If the Council fail to amend the plans as requested and previously indicated, then we will need to attend the Hearings to make our case to the Planning Inspector. When the document is submitted for independent examination?; When the Inspectors Report is published?; When the document is adopted?	The omission of the safeguarded area on the Policies Map (referred to in Policy PPL 15) is a mapping error. As this area relates to the HSE (not a TDC responsibility) it would not appear on the Local Map. The addition of the safeguarded area referred to in Policy PPL 15 to the Policies Map (as in regard to Policy PPL 14) would be supported.	Yes	Protected Places; Policies Maps	To correct the mapping omission, add the safeguarding area referred to in Policy PPL 15 to the Policies Map.	Web	Policy PPL 15
