Wolves Hall Lane, Tendring

Tendring Heath has been accepted on appeal as a sustainable village. The land directly adjacent the site was approved earlier this year for 5 dwellings as being a sustainable development. The settlement is able to accept further development that would be socially and environmentally appropriate.

The site shown on the attached plan is both adjacent to and opposite development recently approved. The development of this site for up to 5 dwellings would complete the form and nature of the settlement. The allocation of this land would therefore meet the three tests of sustainability as set out in the NPPF. By allowing development of this site, an appropriate and reasonable level of development could be provided to help sustain and improve local services without affecting the rural character of the area. The site is within walking distance of local services. Vehicular access to the site can be achieved to meet the County Council visibility splays and this arrangement has been agreed in discussions with that authority. The development would not necessitate the removal of any trees or hedgerow.

At the heart of The National Planning Policy Framework is the presumption in favour of sustainable development and advises local planning authorities should follow this approach and encourage the effective use of land, providing that it is not of high environmental value.

The proposal would contribute economically to the area by supporting existing construction jobs and also increasing the population within the village to help sustain local services and amenities.

As a result the scheme would meet the comments set out within paragraph 14 of the NPPF in respect of a positive opportunity to meet the development needs of the area. Moreover, the allocation of this site would accord with the core planning principles as set out within paragraph 17 by ensuring the scheme enhances and improves the place in which people live their lives. The proposal is not only sustainable, it is deliverable as required by paragraphs 47 & 49 of the NPPF.
