693	714889	LPPuD67	Dr Annie Gordon	Conservation Officer Essex Wildlife Trust	Section 2 Tendring	Yes	No	Effective	Yes	We wish to draw your attention to an error (omission) in the Local Wildlife Sites list published here. Site no. Te121 Walton Mere is missing from this list. This site is one of the most important local sites in the Tendring district and its current condition fulfils all the criteria justifying its designation. In addition, Walton Mere provides supporting habitat for the adjacent Hamford Water SSSI/SPA/Ramsar. European case law (the Portsmouth Stadium case) has established that supporting habitat required by the interest features of an SPA receives the same level of protection as the SPA habitat itself.	The Local Wildlife Sites list requires an amendment to include Te121 Walton Mere.	No	No	Yes	Preferred Options; Issues and Options	When the document is submitted for independent examination?; When the Inspectors Report is published?; When the document is adopted?	This omission is an error and site no. Te121 Walton Mere should therefore be included in the table. The change is supported.	Yes	Local Wildlife Sites and Ancient Woodlands	To correct the error of omission, add to Table C.1 - Local Wildlife Sites, between Te120 and Te122: Te121 Walton Mere	Web	Table C.1
