## **Thorpe Road Weeley**

Weeley is recognised as being a key settlement able to accept further development that would be socially and environmentally appropriate. However, it is considered that some of the proposals for the village as suggested by the Council are not only too extensive but also insensitive. The site shown on the attached plan is adjacent to the recent development in depth of land adjoining the Council's offices. Planning permission has been granted for three houses on the front part of the proposed site. It is suggested that a development that matches the same depth of the housing development alongside would be appropriate without causing any harm to the countryside. It is a site equally sustainable to those recently approved.

As a result the scheme would meet the comments set out within paragraph 14 of the NPPF in respect of a positive opportunity to meet the development needs of the area. Moreover, the allocation of this site would accord with the core planning principles as set out within paragraph 17 by ensuring the scheme enhances and improves the place in which people live their lives. The proposal is not only sustainable, it is deliverable as required by paragraphs 47 & 49 of the NPPF.
